

# Petition for a New Recreation Center **Do the Right Thing – Deliver the Promise!**

## **Sign this Petition to demand that a full-sized recreation center be built at Mira Mesa Community Park.**

In 2005, a General Development Plan was approved by the City Council for park improvements, with the centerpiece being a 15,000-square-foot recreation center.

In 2024, construction of Phase II began, but the City Council removed the full-sized gym from the bid, citing budget constraints. However, the real reason was that the Mira Mesa Community Planning Group requested the recreation center be built at the 3Roots Seed Park instead.

**This is unfair and unacceptable.** Our community has waited too long for this center. Mira Mesa Community Park, located at the heart of our neighborhood and directly across from Mira Mesa High School, is more accessible to local schools than Seed Park.

### **We call on the City Council to honor its promises and take the following actions:**

1. Build a 15,000-square-foot recreation center in Mira Mesa Community Park.
2. Prioritize building the full-sized center in Mira Mesa before any recreation center at Seed Park.
3. Allocate funding for the recreation center before directing city funds to projects like the Carroll Canyon Road extension.
4. Avoid wasting funds and time on feasibility studies. The need for a new recreation center at Mira Mesa Community Park has already been studied and approved in the General Development Plan.

**Now is the time to act.** With park improvements already underway at Mira Mesa Community Park, building the new recreation center now would save taxpayer dollars on site retrofitting and preparation. According to the General Plan, the new gym should be located next to the current Junior Gym Recreation Center.
